

FROM SITE PLAN TO FIRST SOAK

A smoother path to spa ownership.

Buttercup Property Solutions coordinates the practical details that turn a spa purchase into a finished outdoor retreat.

- **Local planning**
Site access, base requirements, snow exposure, drainage, and service clearances.
- **Project coordination**
Delivery logistics and coordination with qualified electrical, plumbing, and construction trades.
- **Finished surroundings**
Deck, pad, steps, privacy screening, trim, and related exterior improvements by proposal.

BUILT FOR IDAHO LIVING

Plan for comfort in every season.

A successful mountain installation starts long before delivery day. We help evaluate:

- ☐ A level, load-ready foundation or reinforced deck
- ☐ Safe delivery access and equipment clearances
- ☐ Dedicated electrical service by a qualified electrician
- ☐ Drainage, snow management, wind, and cover access
- ☐ Steps, handrails, lighting, privacy, and service space

Ask about maintenance and seasonal service options.

PREMIUM HYDROTHERAPY

THE SUNDANCE DIFFERENCE

- **Targeted massage**
Fluidix jet technology blends air and water for adjustable hydrotherapy at key muscle groups.
- **Simplified ownership**
Selected models offer smart monitoring and water-care technologies designed to make operation easier.
- **Cold-climate confidence**
Insulation, covers, and temperature-management features help retain heat and support year-round use.
- **Comfort by design**
Choose seating, lounge layouts, jet combinations, and sizes to match your space and wellness goals.

Features vary by series and model. Confirm exact specifications before purchase.
